| <b>Precautionary Statements</b>                                                                                                                                                                          |         |
| P102: Keep out of the reach of children.<br>P261: Avoid breathing dust/fume/gas/mist/vapours/spray.                                                                                                      |         |

P280: Wear protective gloves. P302+P352: IF ON SKIN: Wash with plenty of water.  
 P264: Wash ... thoroughly after handling.  
 P272: Contaminated work clothing should not be allowed out of the workplace.  
 P273: Avoid release to the environment.  
 P370+378: In case of fire: Use foam, carbon dioxide, dry powder or water fog for extinction.  
 P302+352 IF ON SKIN: Wash with plenty of soap and water.  
 P312: Call a POISON CENTER or doctor/physician if you feel unwell.  
 P331: Do NOT induce vomiting.  
 P333+P313: If skin irritation or rash occurs: Get medical advice/attention.  
 P362+P364: Take off contaminated clothing and wash it before reuse.  
 P501: Dispose of contents/container to an approved waste disposal plant.

#### Supplementary Precautionary Statements

---

### 2.3 Other Hazards

May cause skin irritation/allergy. Patch test recommended.

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

### 3.1 Substances

100% Mugwort oil

## 4. FIRST AID MEASURES

### 4.1 Description of first aid measures

|              |                                                                                                                                 |
|--------------|---------------------------------------------------------------------------------------------------------------------------------|
| Inhalation   | Remove person to fresh air and keep at rest                                                                                     |
| Ingestion    | If swallowed, rinse mouth with water. Seek medical advice immediately and show this container or label. Do NOT induce vomiting. |
| Skin Contact | Remove contaminated clothes. Rinse skin with plenty of water or shower. Refer for medical attention.                            |
| Eye Contact  | First rinse with plenty of water for several minutes (remove contact lenses if easily possible), then take to a doctor.         |

### 4.2 Most important symptoms and effects, both acute and delayed

Eye contact: May cause eye irritation and corneal damage if not immediately rinsed out.  
 Skin Contact: Repeated contact may cause allergic dermatitis.  
 Inhalation: Breathing high concentrations of vapor may cause anesthetic effects.  
 Ingestion: Do Not Induce vomiting.

### 4.3 Indication of any immediate medical attention and special treatment needed

No additional data available

## 5. FIRE-FIGHTING MEASURES

### 5.1 Extinguishing Media

Carbon dioxide, dry chemical powder or appropriate foam. For safety reasons do not use full water jet

### 5.2 Special hazards arising from the product

|     |                                                                                                                                                                                                                                                                                                                |
|-----|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|     | None known                                                                                                                                                                                                                                                                                                     |
| 5.3 | Advice for firefighters                                                                                                                                                                                                                                                                                        |
|     | In case of fire in the surrounding area, follow the recommendations below:<br>1-Closed containers may build up pressure at elevated temperatures.<br>2-Avoid inhalation of fumes or vapours. Use appropriate respiratory protection.<br>3-Prevent run-off from fire fighting to enter drains or water courses. |

## 6. ACCIDENTAL RELEASE MEASURES

|     |                                                                                                                                                                                                                                       |
|-----|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 6.1 | Personal precautions, protective equipment and emergency procedures                                                                                                                                                                   |
|     | Wear appropriate gloves to prevent skin exposure. Avoid contact with skin and inhalation of its vapours or smoke. Maintain adequate ventilation in the working area after spilling.                                                   |
| 6.2 | Environmental Precautions                                                                                                                                                                                                             |
|     | Avoid contaminating the environment via the sewers or water sources.                                                                                                                                                                  |
| 6.3 | Methods and material for containment and cleaning up.                                                                                                                                                                                 |
|     | Cover with an inert, inorganic, non-combustible absorbent material (e.g. dry-lime, sand, soda ash). Ventilate area and wash spill site after material pickup is complete. Dispose of in accordance with current laws and regulations. |
| 6.4 | Reference to other sections                                                                                                                                                                                                           |
|     | See also sections 8 and 13.                                                                                                                                                                                                           |

## 7. HANDLING AND STORAGE

|     |                                                                                                                                                                                                                                                   |
|-----|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 7.1 | Precautions for safe handling                                                                                                                                                                                                                     |
|     | Keep away from food, drink and animal feedingstuffs. Do not smoke. Avoid contact with skin and eyes. Handle in accordance with good industrial hygiene and safety practice.                                                                       |
| 7.2 | Conditions for safe storage, including any incompatibilities                                                                                                                                                                                      |
|     | Keep the product in its original container well sealed, in a dry and ventilated area, away from potential sources of ignition and protected from light. Store in accordance with local/national regulations and follow the warnings on the label. |
| 7.3 | Specific end use(s)                                                                                                                                                                                                                               |
|     | No additional data available.                                                                                                                                                                                                                     |

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

|     |                                           |
|-----|-------------------------------------------|
| 8.1 | Control parameters                        |
|     | Declaration of substances is not required |
| 8.2 | Exposure controls                         |
|     | Protective Equipment                      |

|                                 |                                                                                                      |
|---------------------------------|------------------------------------------------------------------------------------------------------|
| Process Conditions              | Provide eyewash station.                                                                             |
| Engineering Measures            | Provide adequate ventilation.                                                                        |
| Respiratory Equipment           | For high concentrations use respiratory equipment.                                                   |
| Hand Protection                 | Chemical resistant gloves (PVC)                                                                      |
| Eye Protection                  | Wear approved safety goggles.                                                                        |
| Other Protection                | Wear appropriate clothing to prevent any possibility of skin contact.                                |
| Hygiene Measures                | Good personal hygiene practices are always advisable, especially when working with chemicals / oils. |
| Personal Protection             | Use personal protection according to Directive 89/686/EEC.                                           |
| Skin Protection                 | Wear apron or protective clothing in case of splashes.                                               |
| Environmental Exposure Controls | Avoid discharging into drainage water. Only eliminate by authorized companies.                       |

## 9. PHYSICAL AND CHEMICAL PROPERTIES

### 9.1 Information on basic physical and chemical properties

|                                |                                        |
|--------------------------------|----------------------------------------|
| Appearance                     | Liquid                                 |
| Colour                         | Light to Medium amber                  |
| Odour                          | Characteristic                         |
| Relative Density               | 0.841- 0.851 g/cm <sup>3</sup> (20 °C) |
| Flash Point (°C)               | 75°C                                   |
| Refractive Index               | 1.425 - 1.470 (20 °C)                  |
| Melting Point (°C)             | No additional data available           |
| Boiling Point (°C)             | No additional data available           |
| Vapour Pressure                | No additional data available           |
| Solubility in Water @20°C      | Insoluble in water.                    |
| Auto-ignition temperature (°C) | No additional data available           |

### 9.2 Other information

No additional data available.

## 10. STABILITY AND REACTIVITY

### 10.1 Reactivity

No dangerous reactions known.

### 10.2 Chemical stability

Stable under normal operating conditions.

### 10.3 Possible hazardous reactions

Hazardous Polymerization: It does not undergo any dangerous reactions under normal conditions.

### 10.4 Conditions to Avoid

Heat, flames and other sources of ignition. No special precautions other than good housekeeping of chemicals.

#### 10.5 Incompatible materials

Oxidizing mineral acids, strong reducing agents, strong oxidizing agents.

#### 10.6 Hazardous Decomposition Products

Carbon monoxide and other unidentified organic compounds may be formed upon combustion.

## 11. TOXOLOGICAL INFORMATION

### 11.1 Information on toxicological effects

|                                   |                                                                                                              |
|-----------------------------------|--------------------------------------------------------------------------------------------------------------|
| Acute Toxicity                    | This substance does not meet the criteria for classification in accordance with Regulation (EC) No 1272/2008 |
| Skin corrosion / irritation       | May be irritating to skin                                                                                    |
| Serious eye damage / irritation   | May be irritating to eyes. Prompt rinsing and removal of the substance will avoid damage.                    |
| Respiratory or skin sensitization | Breathing high concentrations of vapor may cause anesthetic effects.                                         |
| Germ Cell Mutagenicity            | Not listed as mutagenic                                                                                      |
| Carcinogenicity                   | Not listed as carcinogenic                                                                                   |
| Reproductive toxicity             | Not listed as reprotoxic                                                                                     |
| STOT-single exposure              | No data available                                                                                            |
| STOT-repeated exposure            | No data available                                                                                            |
| Aspiration hazard                 | Not Specified                                                                                                |
| Photo-toxicity                    | Not listed as photo-toxic                                                                                    |
| Other Information                 | No additional data available                                                                                 |

### 11.2 Information on the likely routes of exposure

Skin/scalp contact.

### 11.3 Symptoms related to the physical, chemical, and toxicological characteristics

None known. Irritation of the eye if exposed. Redness of the skin if irritated

### 11.4 Delayed and immediate effects and chronic effects from short-term and long-term exposure

No Data Available

## 12. ECOLOGICAL INFORMATION

### 12.1 Toxicity

No data regarding eco-toxicity, but it must be considered that this product may be dangerous for the environment.

### 12.2 Persistence & degradability

This substance to be considered as a readily biodegradable substance, based on its ready biodegradability, oil does not fulfil the criteria for persistence.

### 12.3 Bioaccumulation Potential

Hazard statement H410 very toxic to aquatic life with long lasting effects.

### 12.4 Mobility in soil

Not determined

**12.5 Results of PBT and vPvB Assessment**

No data available

**12.6 Other adverse effects**

Do not allow product to enter streams, sewers or other waterways.

**13. DISPOSAL CONSIDERATIONS****13.1 Waste treatment methods**

Containers must be disposed of as hazardous waste. Do not reuse empty containers. Dilute the remaining material and neutralise. Empty residue into a suitable disposal site. Dispose of in accordance with all state and local environmental regulations. This material and its container must be disposed of in a safe way.

**14. TRANSPORT INFORMATION****14.1 UN number**

UN No. Road Not regulated for transport

UN No. SEA Not regulated for transport

UN No. AIR Not regulated for transport

**14.2 UN proper shipping name**

---

**14.3 Transport hazard class(es)**

ADR/RID/ADN Not regulated for transport

ADR/RID/ADN Class ---

IMDG Class ---

ICAO Class/Division ---

**14.4 Packing group**

ADR/RID/ADN Packing group Not regulated for transport

IMDG Packing group ---

ICAO Packing group ---

**14.5 Environmental hazards**

Do not allow to escape into environment, especially not into waterways, sewers or the sea.

**14.6 Special precautions for user**

EMS: Not allocated

Emergency Action Code: Not allocated

Hazard No. (ADR): Not allocated

Tunnel Restriction Code (E) Not assigned

**14.7 Transport in bulk according to Annex II of MARPOL 73/78° and IBC Code**

N/A

**15. REGULATORY INFORMATION****15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture**

No information available.

**15.2 Chemical safety assessment**

No additional information available.

**16. OTHER INFORMATION**

|                                                |                                                                                                                                                                                               |
|------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Hazard and/or Precautionary Statements in Full | H304 May be fatal if swallowed and enters airways.<br>H315 Causes skin irritation.<br>H317 May cause an allergic skin reaction.<br>H410 Very toxic to aquatic life with long lasting effects. |
| Other Information                              | None found                                                                                                                                                                                    |
