

PRODUCT SPECIFICATION

Date of Issue: 20/01/2020	Document No: VRI/PS/01-047
Revision Date: 11/07/2020	Revision No: 01

Product Name		Champaca Essential Oil (Orange)
Botanical Name		<i>Michelia champaca L.</i>
CAS #		94333-99-0
EC #		305-079-8
EINECS #		---
INCI Name		Michelia champaca flower oil
INCI Description		Michelia champaca Flower Extract is the extract of the flowers of Michelia alba, Magnoliaceae.
Country of Origin		India
Packaging		As Per Customer Requirement

Part Used	Flower
Extraction Method	Steam Distillation
Quality	100% Pure and Natural
Note Classification	Strong

Physical & Analytical Analysis	SPECIFICATIONS
Appearance	Reddish Brown
Odor	Sweet and floral Odor
Refractive Index @ 20°C	1.465
Specific Gravity (g/mL) @ 20°C	0.938
Optical Rotation (°)	38.27°
Solubility	Insoluble in water, soluble in alcohol and oils

Ingredients	Strength (%)
2-Phenylethanol	25.0-34.0
Methyl linoleate	10.0-18.0
Indole	2.9-12.0
Methyl anthranilate	2.1-9.0
Methyl benzoate	1.0-5.0
Phenylacetonitrile	1.2-4.3

EU Allergens

Linalool

MICROBIAL ANALYSIS	SPECIFICATIONS	STANDARDS
Aerobic Mesophilic Bacterial Count	< 100 CFU	ISO 21149
Yeast and Mould	< 10 CFU	ISO 16212
Candida albicans	ABSENT	ISO 18416
Escherichia coli	ABSENT	ISO 21150
Pseudomonas aeruginosa	ABSENT	ISO 22717
Staphylococcus aureus	ABSENT	ISO 22718

HEAVY METAL TESTS	SPECIFICATIONS	STANDARDS
Lead: Pb (mg/kg or ppm)	< 10 ppm	In House
Arsenic: As (mg/kg or ppm)	< 2 ppm	In House
Mercury: Hg (mg/kg or ppm)	< 1 ppm	In House

Note: This Product Specification Sheet was prepared in accordance with the Quality parameters taken during product manufacturing/processing to maintain the quality of the product. This Specification Sheet shows the product characteristic feature of the actual product. However you can find the detailed examination report for the respective batches in their COA.
